

Thursday, January 22, 2009
from 11:45 - 1:30 PM

Lunch provided by
The Firehouse Restaurant

You are invited to a luncheon and workshop presented by Ray Lyne of Lifestyle Giving on Thursday, January 22, 2009. Ray is one of the foremost recognized authorities on estate design in the country.

For over forty years, Ray Lyne has been assisting individuals in the design of their personal estate and giving plans. This has brought him recognition as a leading charitable estate and gift planning counselor.

He is a student of Biblical stewardship and of the interpersonal relationships involved in family estate planning. Through his studies, Ray has concluded that the estate planning process is spiritual first, before it becomes mechanical.

The merging of this philosophy with the tax and legal applications of estate planning, has resulted in the uniqueness of Lifestyle Giving. When this philosophy has been adopted by Christian individuals and charitable organizations, the result is personal satisfaction and financial freedom for both individuals and charities.

On a national basis, Mr. Lyne is currently involved in providing services to approximately forty charitable organizations, helping them to assist their donors in meeting their charitable giving and estate planning needs.

Mr. Lyne has written widely on the subjects of Biblical stewardship, estate planning and charitable giving. This includes two quarterly newsletters, one designed for donors and the other for the professional marketplace.

This Lifestyle Giving event is sponsored by:

Hosted by Christian
Medical and Dental
Associations at
2604 Hwy 421
Bristol, TN 37620

Ray Lyne

Thanks to the generosity of
